Brief Report (not exceeding 4000 characters)

The **58th Engineers' Day** was celebrated with great enthusiasm by *The Institution of Engineers (India), Meerut Local Centre* in collaboration with **Sir Chhotu Ram Institute of Engineering & Technology (SCRIET), Meerut** on 15th September 2025 at the Conference Hall of the Institute.

The programme commenced with the **lighting of lamps**. Thereafter, **Er. R.P. Agrawal, Chairman, IEI Meerut Local Centre**, delivered the **Welcome Address**, extending greetings to the **Chief Guest, speakers, members of LCC, corporate members of the Institution and students of SCRIET**. The programme was convened by **Er. Prashant Sharma, AMIE**. On this occasion, **Er. B.K. Goel, Er. M.L. Jain, and Er. Ramesh Chandra** presented floral bouquets to the Chief Guest and the distinguished speakers as a gesture of respect.

The technical session began with a presentation by **Er. V.C. Gupta, FIE (Past Chairman, IEI Meerut Local Centre)**, who delivered an enlightening presentation on the **life and legacy of Bharat Ratna Sir Moksha Gundam Visvesvaraya**. He highlighted Sir Visvesvaraya's remarkable contributions as a **distinguished engineer, visionary administrator, eminent statesman, educationist, economist, and social reformer**, underscoring his role as an enduring source of inspiration for the engineering fraternity and the nation at large.

This year's Engineers' Day was celebrated on the theme:
"Deep Tech & Engineering Excellence: Driving India's Techade."

Two eminent speakers addressed the gathering on this contemporary theme:

- **Er. Guru Sharan Kant, Assistant Professor, Department of Computer Science, SCRIET**, delivered a comprehensive lecture on the role of **Deep Technologies** such as **Artificial Intelligence, Robotics, Biotechnology, and Clean Energy**. He emphasized that these are not merely technological tools but **transformative innovations** that will shape the future. He illustrated his views through practical examples including an **ISRO case study**, and explained applications of deep tech in **agriculture, education, job creation, and green development**, which would contribute towards building a sustainable and technologically advanced India.
- **Dr. Kavi Bhushan, Assistant Professor, Department of Computer Science, SCRIET**, presented his views on *"A Vision for Global Leadership with Deep Tech."* He elaborated the **meaning and significance of Deep Technology**, differentiating it from traditional technologies with appropriate examples. He highlighted the **key attributes of engineering excellence**, the **social imperatives for India to lead globally**, and the role of **deep tech. start-ups in areas such as Artificial Intelligence and Healthcare**. His presentation provided valuable insights into how India can achieve global leadership in the Techade.

The **Chief Guest, Prof. Niraj Singhal, Director, SCRIET**, addressed the gathering with his inspiring words. He emphasized the importance of embracing **Artificial Intelligence responsibly and without apprehension**, and guided the participants on how engineers must harness emerging technologies for the welfare of society and the progress of the nation.

As a token of gratitude, **mementoes were presented to the Chief Guest and Speakers** by the organizers. The proceedings of the programme concluded with the **Vote of Thanks given by Er. S.C. Mittal, Honorary Secretary, IEI Meerut Local Centre**, who expressed sincere appreciation to the Chief Guest, distinguished speakers, members of LCC, corporate members, students, and all participants for gracing the occasion and making the celebration a success.

The celebration of **58th Engineers' Day** by IEI Meerut Local Centre was widely appreciated and was **covered by two leading newspapers of Meerut on 16th September 2025**.
